

Living with Statins

LIFESTAT

UCPH 2016 Excellence Programme

Final Symposium

Monday 27th – Tuesday 28th November 2017

University of Copenhagen

Faculty of Humanities
Faculty of Social Sciences
Faculty of Health and Medical Sciences

Auditorium: “Henrik Dam”
Blegdamsvej 3, 2200 Copenhagen N

MONDAY 27. NOVEMBER

08.30 – 09.00

Registration, coffee & tea

09.00 – 09.45

Welcome:

“LIFESTAT 2013-2017”

Flemming Dela, Professor, MD, DMSci, Department of Biomedical Sciences, Faculty of Health and Medical Sciences

“Living with statins – still questions to be asked”

Christa Lykke Christensen, Associate Professor, PhD
Department of Media, Cognition and Communication, Faculty of Humanities

09.45 – 10.30

Keynote lecture:

“Health Communication: A Media Theory Perspective of Hypercholesterolemia Risk and Prevention”

Kevin B. Wright, Professor, PhD, George Mason University, USA
Chair: Christa Lykke Christensen, Associate Professor, PhD
Department of Media, Cognition and Communication, Faculty of Humanities

10.40 – 12.25

LIFESTAT presentations: “Cholesterol Controversies; Science, Media and Everyday Life”

Chair: Christa Lykke Christensen, Associate Professor, PhD
Department of Media, Cognition and Communication, Faculty of Humanities

1) *“How statins rose to become the global standard of care in cholesterol management”*

Sofie Rosenlund Lau, PhD student, Department of Anthropology, Faculty of Social Sciences

4) *“How Danish news media framed statins from 2000 to today”*

Maja Klausen, PhD, Postdoc, Department of Media, Cognition and Communication, Faculty of Humanities

2) *“How Danish media frames affect statin users”*

Kasper Bering Liisberg, PhD student, Department of Media, Cognition and Communication, Faculty of Humanities

3) *“How information to the public affect the use”*

Margit Kriegbaum, PhD, Postdoc, Department of Public Health, Faculty of Health and Medical Sciences

5) Q & A

12.25 – 13.15

Lunch

13.15 – 15.00

LIFESTAT presentations: *“Mitochondria, performance and metabolism”*

Chair: Steen Larsen Associate professor, DMSci, Department of Biomedical Sciences, Faculty of Health and Medical Sciences

1) *“Mitochondria in Muscle”*

Tine Dohlmann, M.Sc., PhD student, Department of Biomedical Sciences, Faculty of Health and Medical Sciences

2) *“Mitochondria in Blood”*

Jon Ambæk Durhuus, M.Sc. PhD student, Department of Cellular and Molecular Medicine

3) *“Does treatment with Statins impair physical performance?”*

Thomas Morville, MD, PhD student, Department of Biomedical Sciences, Faculty of Health and Medical Sciences

4) *“Glucose metabolism and Statin treatment”*

Anja Birk Kuhlman, MD, PhD student, Department of Biomedical Sciences, Faculty of Health and Medical Sciences

15.00 – 15.30

Break & Poster viewing (coffee & tea)

Registration: volunteers, patients, guests.

15.30 – 18.00

Danish Program [forsøgspersoner, patienter, gæster]:

15.30 – 15.40

Velkommen

“LIFESTAT – et interdisciplinært forsknings projekt”

Christa Lykke Christensen, Lektor, PhD, Institut for Medier, Erkendelse og Formidling. Det Humanistiske Fakultet

15.40 – 16.00

“Historien om Statiner i Danmark”

Sofie Rosenlund Lau, PhD studerende, Institut for Antropologi, Det Samfundsvidenskabelige Fakultet

16.00 – 16.20

“Spørgeskemaundersøgelsen”

Margit Kriegbaum, PhD, Postdoc, Institut for Folkesundhedsvidenskab, Det Sundhedsvidenskabelige Fakultet

16.20 – 16.40

“At deltage i et forskningsprojekt”

Birgitte Bruun, PhD, Postdoc, Institut for Antropologi, Det Samfundsvidenskabelige Fakultet

16.40 – 17.00

Pause m/forfriskninger

17.00 – 17.20

“Udviklingen af dialogværktøjet”

Birgitte Bruun, PhD, Postdoc, Institut for Antropologi, Det Samfundsvidenskabelige Fakultet

Sofie Rosenlund Lau, PhD studerende, Institut for Antropologi, Det Samfundsvidenskabelige Fakultet

Anja Birk Kuhlman, læge, PhD studerende, Institut for Biomedicin, Det Sundhedsvidenskabelige Fakultet

Margit Kriegbaum, PhD, Postdoc, Department of Public Health, Faculty of Health and Medical Sciences

John Sahl Andersen, MD, PhD, Department of Public Health, Faculty of Health and Medical Sciences

17.20 – 17.40

“Kolesteroldebatten i danske medier”

Kasper Bering Liisberg, PhD studerende, Institut for Medier, Erkendelse og Formidling. Det Humanistiske Fakultet

17.40 – 18.00

“Muskelsmerter og -funktion”

Thomas Morville, læge, PhD studerende, Institut for Biomedicin, Det Sundhedsvidenskabelige Fakultet

18.00

“Afslutning”

Flemming Dela, professor, dr.med, Institut for Biomedicin, Det Sundhedsvidenskabelige Fakultet

TUESDAY 28. NOVEMBER

09.15 – 10.00

Keynote lecture:

“Can you run from dyslipidemia?”

Paul Greenhaff, Professor, PhD, University of Nottingham, United Kingdom

Chair: Flemming Dela, Professor, MD, DMSci, Department of Biomedical Sciences, Faculty of Health and Medical Sciences

10.15 – 10.45

“Treatment of elevated cholesterol – the general practice viewpoint”

John Sahl Andersen, MD, PhD, Department of Public Health, Faculty of Health and Medical Sciences

10.45 – 11.00

Break

11.00 – 11.30

“Tool Development with a Patient Panel”

Birgitte Bruun, PhD, Post doc, Institute of Anthropology, Faculty of Social Sciences

11.30 - 12.00

“The Survey – overview of content and future possibilities”

Margit Kriegbaum, PhD, Post doc, Department of Public Health, Faculty of Health and Medical Sciences

12.00 – 12.30

Discussion: *“Interdisciplinary Research ”*

Moderator: Birgitte Bruun, PhD, Post doc, Institute of Anthropology, Faculty of Social Sciences

12.30 – 13.00

“Scientific Advisory Board – reflections and next steps”

12.30 -

Lunch
